CITY TRUSTEES

MATTISON B. JONES ADDRESSES BOARD ON THE IVANHOE BRIDGE MATTERS

The Board of Trustees met in regular session at the City Hall at 8:40 p. m., November 8, 1917. All members present at roll call.

The minutes of the last regular meeting were read and approved.

An application was filed by E. J. Fish requesting permission to hunt within the city of Glendale, which was, on motion of Trustee Grist, granted.

A communication was read from Martha Bayless protesting against assessment No. 1 for $412.21 for the improvement of Grand View avenue, and objecting to the issuance of a bond on her property; her claim being that the amount of the assessment is excessive and out of proportion to the value of the property. After the reading of the protest, the attorney for the protestant addressed the board. On motion of Trustee Muhleman, the action on the petition was deferred for one week.

Mr. Mattison B. Jones addressed the board in his capacity as chairman of the Chamber of Commerce bridge committee, in regard to the proposed new bridge on Brand boulevard at Arden street, calling attention to the difficulty that is likely to be encountered in getting the various parties interested in the improvement to agree as to the grade.

A communication was read from Mr. Broome, an auctioneer, requesting a modification of the terms of the license ordinance by which the sum of $5 is required for an auctioneer's daily license. After some discussion, the communication was ordered to be filed.

The City Manager reported that requests had been made by property owners on Penn street, desiring that the name of that thoroughfare be changed to Maple street. On motion of Trustee Grist the City Attorney was instructed to prepare an ordinance and present at the next meeting of the board, changing the name of Penn street to Maple street.

The City Manager presented an ordinance regulating the burning of combustible material in the city of Glendale.

On motion, "An ordinance of the city of Glendale regulating the starting of fires outside of buildings and regulating the disposition of combustible material, and providing for the securing or inclosure of unoccupied buildings, and providing for the construction and maintenance of incinerators in Fire District No. 1, and prescribing a penalty for the violation thereof," was taken up for first reading. On motion, this ordinance was declared read for the first time and was taken up for the second reading. On motion, this ordinance was declared read for the second time and was laid over till the next regular meeting for the third and final reading.

Reports were received and ordered to be filed from the following city officials: Tax Collector, City Treasurer and City Clerk.

The City Attorney reported that the case of Herald vs. the Elks' Club, in which is involved an alleged violation of Ordinance No. 65 of the city of Glendale, had been partially argued and the case continued until Saturday next.

The case of Miss Marr, asking that the city of Glendale be required to furnish water service to her property in Verdugo canyon, has been decided against the plaintiff.

In regard to Sycamore Canyon road, he reported that the law requires in the case of an interlocutory judgment that the City Engineer be instructed to deliver to the Street Superintendent a diagram showing the improvement and the property affected within the assessment district described in the ordinance of intention. On motion of Trustee Jackson, instructions were given to the engineer in accordance with this recommendation.

In the matter of the opening and widening of Eighth street, the City Attorney reported that Messrs. J. A. Cole, Spencer Robinson and Frank Campbell had been appointed referees.

The City Attorney reported in regard to the payment of the judgment of $250 against the city in the case of Kenyon vs. the city of Glendale; that owing to the law which prohibits the payment of the indebtedness incurred in previous years out of the present year's receipts of money, he finds that it is impossible to advise the board that this sum should be paid.

The City Attorney presented an ordinance providing for the issuance of bonds by the city of Glendale to the extent of $17,000, as authorized by election of October 30 last, which was ordered to be read, and upon being read was, on motion of Trustee Grist, declared read for the first time and ordered to be taken up for second reading. On motion, this ordinance was declared read for the second time and was laid over till the next regular meeting for the third and final reading.

On motion of Trustee Muhleman, the matter of the location of a municipal flag pole was referred to the City Attorney.

HONOR HARRY FRANCY

MISS DOROTHY WILDE HOSTESS AT A FAREWELL DINNER WEDNESDAY NIGHT

On Wednesday evening last Miss Dorothy Wilde acted as hostess at a farewell dinner given at the home of her mother at 407 West Third street, in honor of Harry E. Francy, assistant cashier of the First National Bank, who is due to leave in a few days for Camp Lewis at American Lake.

Covers were laid for fourteen, and the dining room was beautifully decorated with carnations, fuchsias, ferns and flags. The centerpiece comprised a cluster of flags, Old Glory, surrounded by the flags of the allied nations. The front room also was a bower of flowers, in which Old Glory was artistically draped.

A marshmallow toast followed dinner. Mr. Ed M. Lee, as cashier of the First National Bank of Glendale, in toasting the honor guest of the evening, in a very happily worded and well prepared speech, highly commended Harry's faithful and efficient services to the bank during the last six and one-half years. His speech was repeatedly interrupted, however, by the officers and clerks, who all tried to "butt in" and attempted to help out the situation, and in the most impolite manner certainly broke all the rules of etiquette and courtesy to such a degree that no amount of apology could ever atone.

The continued uproar quite disturbed the poise and self-control of the speaker, each partial recovery of his composure being again and again rudely upset. Mr. Ed's equanimity, however, eventually asserted itself and, on behalf of the First National Bank, presented Harry with an elegant wrist watch as a memento and a token of the esteem in which he was held. He also presented him with a copy of a resolution that the directors of the First National Bank passed at their last meeting, which reads as follows:

"Whereas, Mr. Harry E. Francy, assistant cashier of this bank, has been called into army service and has been obliged to resign his position.

"Resolved, That in accepting his resignation, we place upon the minutes our recognition of his faithful and efficient service during the six and one-half years he has been in our employ, which we can not too highly commend, both as to thoroughness and trustworthiness.

"Resolved, That it is the unanimous vote of this board of trustees that his place be held open for him upon his return from the war."

In replying, Harry said it was impossible for him to fully express his feelings, but he sincerely appreciated the handsome and useful gift, and should always bear with him the most pleasant memories of his six and a half years' service in the bank and look back with the greatest pleasure upon his happy and cordial relationship with the officers and his fellow workers of the First National Bank of Glendale.

The rest of the evening was passed by the young people in various games.

Many were the words of appreciation and compliment to the hostess for the graceful arrangements and decorations and for the very sumptuous dinner prepared by her and her mother, Mrs. F. H. Wilde.

The guests were: Mr. W. W. Lee, Mr. Ed M. Lee, Mr. M. P. Harrison, Mr. W. S. Perrin, Mr. W. P. Francy, Mr. F. C. Brown and the guest of honor, Mr. Harry P. Francy, Miss Mary Austin, Miss Elsie Wilson and Miss Dorothy Wilde, officers and employes of the First National Bank; also Mrs. F. H. Wilde, Mr. and Mrs. John T. Wilde and A. W. Wilde.

PREACHING AGAIN TONIGHT

There will be special services again tonight, as announced in the Christian church advertising column elsewhere in tonight's News. These meetings are primarily to teach the first principles of our faith and are of especial interest to those attending. The sermon tonight will be, "Our Adoption as Sons of God." An urgent invitation is extended to all Sunday school folks. Special music and a short, to the point sermon. The meeting will last from 7:45 to 9:15 o'clock.

REVOLUTION WITHOUT BLOODSHED

PETROGRAD IS ALMOST NORMAL TODAY WITH NEW REVOLUTIONARY FORCES IN POWER

(Special Service to Glendale Evening News)

PETROGRAD, November 9.—Petrograd was almost normal this morning with the new revolutionary forces in full control of the government and maintaining order. The change of government was affected almost without bloodshed. The revolutionary committee has decided to imprison all provisional government officials including Korniloff and others not in sympathy with their program, in the prison of St. Peter and St. Paul. Kerensky's arrest has not been confirmed. The premier was last seen at Cathnia where he addressed 6000 soldiers urging them not to march on Petrograd.

KERENSKY UNDER ARREST

REPORTS FROM STOCKHOLM SAY HEAD OF RUSSIAN PROVISIONAL GOVERNMENT WAS APPREHENDED

(Special Service to Glendale Evening News)

STOCKHOLM, November 9.—The arrest of Premier Kerensky of Russia is reported in messages received here today. No details are given as to how the Bolsheviki apprehended the head of the provisional government.

WAR WILL BE PROLONGED

LONDON NEWSPAPERS REGARD KERENSKY'S FALL AT PETROGRAD IN PESSIMISTIC VEIN

(Special Service to Glendale Evening News)

LONDON, November 9.—Kerensky's fall at Petrograd means the indefinite prolongation of the war according to the belief of the London press today. It means also, in the opinion of war experts, that a heavier burden will be thrown upon the United States. The majority of London newspapers are very pessimistic over the turn of affairs in Russia.

WETS WIN IN OHIO

PROHIBITION PEOPLE LOSE OUT IN OHIO BY 1100 VOTES ACCORDING TO RETURNS NOW OBTAINABLE

(Special Service to Glendale Evening News)

COLUMBUS, O., November 9.—On the face of the best returns obtainable today the wets have a majority of better than 1100 votes in Tuesday's state-wide prohibition election.

GERMANS DEMORALIZED IN FLANDERS

RUPRECHT'S FORCES HAVE NOT RECOVERED FROM BLOW RECEIVED AT CAPTURE OF PASSCHENDAELE

(Special Service to Glendale Evening News)

WITH THE BRITISH ARMIES IN FLANDERS, November 9—Crown Prince Ruprecht of Bavaria has not recovered from the tremendous punch just administered by the Canadians in the capture of Passchendaele. There have been no counter attacks since then. Apparently Tuesday's blow left the Germans demoralized. Documents found on prisoners, however show that von Hindenberg has ordered that Passchendaele must be retaken so fierce counter assaults are expected soon.

ITALIAN REAR GUARD OVERCOME

GERMANS ARE ADVANCING TOWARD PIAVE RIVER WHERE CADORNA HAS HALTED

(Special Service to Glendale Evening News)

BERLIN, November 9.—The Italian rear guard has been overcome, the Livensea river crossed and the Germans are ceaselessly advancing along mountain roads and over plains toward the Piave river where Cadorna is massing his troops for a final effort to halt the Teuton advance, according to war reports this morning.

CONDITIONS IN ITALY ARE MENACING

(Special Service to Glendale Evening News)

WASHINGTON, November 9.—Confidential advices from Italy to the American government today painted a picture of a cold and hungry populace which officials consider menacing.

It is a matter of common knowledge among Washington newspaper men that conditions in the Empire of the ancient Romans are far worse than the public has been permitted to know. There is practically no coal for private consumption. It is said that not a single fire will be lighted this winter in any hotel or private home in Italy. Pine cones and old newspapers burned in iron buckets give all the heat the public at large gets. The army is hard hit too. Owing to lack of coal, Italy has been compelled to quit the making of cannons. She gets her artillery supply from Great Britain. Other manufactures have no coal at all. Drastic food control has failed to solve Italy's food shortage troubles. Prices are fixed, every person is rationed, food products are directly controlled by the government. Meals in public places are rigidly regulated. The serving of butter or cream or dishes garnished with eggs, is unlawful.

DEATH OF MRS. BARBARA GANSERT

The death of Barbara Gansert, mother of Mr. Charles Gansert, of 1008½ Broadway, and grandmother of Ernest Gansert, also of 1008½ Broadway, occurred at noon on Thursday, quite suddenly, and was brought on by a cold. Mrs. Gansert was a remarkable old lady, ninety-seven and one-half years of age, and had retained a most unusual control of her faculties to the time of her death, being able to read and write without the use of glasses, and even to sew and mend and thread her own needles. She leaves ninety-two living descendants, eight of her ten children having lived to rear families of their own. There are thirty-six grandchildren, forty-four great-grandchildren and four great-great-grandchildren. Mrs. Gansert was a member of the Presbyterian church and Woman's Society at Connersville, Ind., holding her membership there until her death. She was a native of Germany, where she was Barbara Fetter before her marriage to Christian Gansert, February 28, 1843. Her husband died in Connersville, Ind., September 2, 1903. She had lived with a son in Los Angeles for the past few years until her recent coming to Glendale, about a month ago. The funeral services will be held on Saturday morning at 10:30 o'clock from the Jewel City undertaking parlors. Interment will be at Forest Lawn cemetery. Mrs. Gansert leaves a son, Andrew, in Hollywood, and two sons, August and Jacob, in Los Angeles, all of whom have families. Her remaining descendants are all in the East. The loss of this truly wonderful mother, grandmother, great-grandmother and great-great-grandmother will be keenly felt by her many loved ones, of whom she was so proud and so many of whom she has personally included in her correspondence to the last.

WEATHER FORECAST—Fair tonight and Saturday. Westerly winds.

WORK INSTEAD OF TALK

PRODUCE SOMETHING SHOULD BE SLOGAN OF FOOD CONSERVATIONISTS

The time of a good-for-something, industrious man or woman is worth money. Why not, then, convert some of the time that is being spent in talking food conservation into work that will earn money, and then use that money for paying laborers for cultivating the thousands of acres of land that are lying idle? There is in Glendale alone sufficient uncultivated acreage to produce quantities of vegetables, grains and poultry to feed almost the entire population of the city. What about that half block on the west side of Brand boulevard between Second and Third, that is void of buildings except the Ballard garage? That piece of land would make a small farm in itself. Now, Mr. Talker, instead of housing yourself up in public buildings to tell what you know about food saving, and to listen to what others have to say about it, just get permission to cultivate that half block, or some other half block, and get busy planting and sowing. Produce something that is actually nourishing for the soldier boys.

Pledge

From this date I will cease talking so much about food conservation and begin cultivating the soil and will aid in every way possible to produce that upon which the soldier boys can subsist. Signed,

MRS. SUSAN INDUSTRIOUS.

HARRY COKER RETURNS

Mr. Harry Coker, son of Mr. and Mrs. Harry P. Coker of 126 East Third street, who volunteered for the aviation service and successfully passed his examinations, has been returned from Berkeley on a medical discharge. Mr. Coker is only nineteen years of age and has made a valiant effort to remain in the service to which he offered himself, in spite of heavy physical handicaps. Although he had passed the preliminary examinations, his heart, which has always caused him trouble, was greatly overtaxed by the calesthenics which are a part of the requirements of the training. In addition to this, one eye which was weakened when he was a child by the effects of diphtheria again became troublesome, so that it was quite impossible for the physicians to grant his plea of a temporary sick leave in the hopes of later improvement. He still hopes, however, to be able to find some branch of government service where these handicaps will not be prohibitory and is making investigations at present to that end.

DEATH OF FAMOUS INVENTOR

The sudden death of Mr. Thomas George Cushman of Sunland at 11 o'clock Thursday evening at his home in Sunland will come as a great shock to his friends. Mr. Cushman was an inventor of considerable note, and his depth bombs are in use by the U. S. government in all submarine warfare. He has carried on his affairs without interruption right up until the time of his death, having left Los Angeles as usual on Thursday afternoon and motored to his home, although he spoke on reaching there of having felt so badly that he had been obliged to pull up to the curb at one time and wait until he was again able to drive. He has suffered of late from acute gastritis, and his death apparently was due to heart failure, coming very suddenly while he was alone with Mrs. Cushman. Mr. Cushman had an engagement for luncheon today with Mr. Loveland at the Angeles hotel, in regard to business connected with his famous invention. These bombs can be exploded at any given depth by the use of electricity, and have accomplished much in the revolution of sea warfare, furnishing the only adequate means of attack so far discovered against the U-boats.

Mr. Cushman was born on February 22, 1861, and was a native of Massachusetts. He leaves no near relatives excepting his wife, Mrs. Margaret Cushman, to whom he was married eighteen years ago. Mr. Cushman was for eighteen years a sea captain, running out of the port of San Francisco to the Orient. His home has been in California for the past 36 years, the last five years of which he has lived at his beautiful home in Sunland.

The artistic posters at the Yuletide headquarters, 1017 West Broadway, were made by Harriet Williams, Frances Gauntlett and Mina Butler at the G. U. H. S. art department, under supervision of Miss Muller. If you have not already seen them, stop and do so, as they are a credit to work being done in that department of our school.

GLENDALE, CALIFORNIA, FRIDAY, NOVEMBER 9, 1917

UNPAID PATRIOTS

It used to be a question what was the highest salary paid in America. But there is no question now. The highest salary paid in America is $1 a year. For the highest salary is certainly not represented by the biggest row of ciphers on paper. It is represented by desirability. Whatever salary men are most eager to get; whatever salary will command the services of the most valuable men, that is the highest salary. And the most valuable men in America are now eagerly working for the government for $1 a year.

It is a new lesson in public service. It will bring politics and business together. It will teach government to appreciate the importance of business men, and it will teach business men to realize the importance of public service. It will set a standard of efficiency in administration which politicians will be ashamed afterward to fall below. It will arouse multitudes of men to the joy and ambition of public service. It will put into the organization of business the whole power of government authority, and it will mobilize to the support of government the whole brains and expertness of business. It will be a spiritual, a practical and a political education for us all.

For that matter, much of the best and most valued public service everywhere has always been done on the basis of $0.000 a year and pay your own expenses. In California the office of university regent has always been one of the most envied ones in the state, and yet it has always been unsalaried. Most of the once decried "commissioners," which have been doing the hardest part of the government work of California, are unpaid. Now the federal government is doing the same thing, and there being no party politics in opposing it, no one is objecting. The unofficial leadership of public affairs is usually in the hands of men who receive no pay and aspire to no salaried position. And now the war has conscripted, not merely a few leaders, at $1 a year in Washington but whole multitudes of unpaid workers everywhere. It is a human asset worth permanently more than all the money we can raise by all the bond issues.—South Pasadena Courier.

There are sometimes places on the exterior of a house where the paint gets worn off and which cannot be retouched without making a "botch job" of it owing to the difficulty of mixing the new paint to match the adjoining color which has faded. To preserve the wood in such spots until the house can be repainted apply two coats of linseed oil with a rag. This will improve the appearance also.—Popular Science Monthly.

POOR RICHARD SAYS

Love your enemies, for they tell you your faults.

Neglect mending a small fault, and it will soon be a gerat one.

Many have quarreled about religion, that never practiced it.

Sudden power is apt to be insolent—sudden liberty saucy; that behaves best which has grown gradually.

He that is of opinion money will do everything, may well be suspected of doing everything for money.

NO JUDGE

"Is your daughter getting on well with her music?"

"I dunno," replied Mr. Cumrox. "Every time Gladys starts a tune that sounds pretty good to me her mother says she is displaying shocking taste."—Washington Star.

The afternoon was devoted to charitable sewing for the various children's institutions in Los Angeles in which the Tuesday Afternoon Club holds a membership. There were twelve members present and the hostess was assisted by Mrs. Llewellyn Andrews. McCoy at her home, 127 East Third street. She will be assisted by Mrs. J. W. Stauffacher. At the meeting of the Tuesday Afternoon Club to be held on November 13 the ladies of the philanthropic section will be in the ladies' cloak room in readiness to receive the yearly contributions of canned fruit and jellies intended for the Los Angeles charitable institutions. The members making these donations of fruits and jellies are given jars and glasses in exchange so that only the fruit itself is given, with no loss of containers. These contributions are most appreciatively received by the charitable organizations for which they are intended, and mean much of health and happiness to homeless little children of our own country who must not be forgotten in the pressing needs of those abroad.

LIGHT LUNCHES AND FOOD SALE SATURDAY

Don't forget to patronize the Red Cross food sale tomorrow at the headquarters, next door to postoffice. Light lunches served from 11 to 2. Food good and prices moderate.

The VERY LARGEST RISK

—that any auto owner takes is the danger of damage suits because of personal injuries to pedestrians. There is no limit to the size of the claim that may be made by the one injured. Awards of $5000 to $10,000 are not infrequent. I strongly advise insurance against this risk and can furnish such protection quite reasonably.

SOME THINGS WE STAND FOR DO YOU?

1. "The all sufficiency of the Holy Scriptures as a rule of faith and practice. 'Where the Bible speaks we speak, where the Bible is silent we are silent,' is the oldest and most familiar slogan of the members of this communion.

2. "Faith in Christ as the promised Messiah and obedience to his commands constitute the only conditions of salvation." (This as opposed to the claims of worth of any human creed.)

3. "Christian baptism is an immersion in water of a penitent believer into the name of the Father, Son and Holy Spirit." (The Disciples consequently do not practice infant baptism.)

4. "The organization of the church in accordance with the divine models."

5. "The weekly observance of the Lord's Supper."

But the real heart of this body of faith is this contention: "Division among Christians are sinful and all Christians should unite." This from the beginning has been the inspiration and the mainspring of all their endeavors.

FORCE AND PERSEVERANCE

There are two ways of attaining an important end—force and perseverance. Force falls to the lot only of the privileged few, but austere and sustained perseverance can be practiced by the most insignificant. Its silent power grows irresistible with time.—Mme. Swetchine.
